ASPEN GROUP

1 *Can you think of spaces that have shaped you (positively or negatively)? What was the impact?*

2 *Think of your church space right now. What message does it communicate to your congregation about what you value? What does it communicate to the outside community about what you value?*

3 *What are the aspects of discipleship that you hope to grow in your church (community, prayer, reading scripture, etc.)? What space do you imagine would encourage those behaviors, or demonstrate that you consider them important?*
