Discussion Questions:

1 *Carey Nieuwhof said the top two needs of people who don't go to church are prayer and loneliness. What kinds of spaces do you provide in your church to meet the needs of those struggling with loneliness?*

2 *It stands to reason that if you have a top-notch website but a disappointing space, people will feel that lack of congruence when they enter your church. Have you thought about how your digital front door prepares people appropriately for an in-person church experience?*

3 *Think about your surrounding community—what do people enjoy or prioritize? How can you incorporate some of those elements into your lobby and outdoor spaces to create lingering spaces, where people want to stick around and settle in? What could you do differently to make more time and space for people to linger?*
